## Thousands Of Steel Workers Obey Union Orders To Strike; Numerous Plants Shut Down; Many Mills Are Not Affected

### CONTRADICTORY CLAIMS ON FIRST SKIRMISH OF INDUSTRIAL STRUGGLE

PITTSBURGH, Pa., Sept. 22.—Several men had their heads clubbed and 20 arrests were made today in the Borough of Clairton, when the Pennsylvania state police had another brush with crowds that refused to disperse. Several shots were fired by each side, according to Clairton police headquarters.

(BY THE ASSOCIATED PRESS)  
The preliminary skirmish in the great industrial struggle which opened today between the labor unions and the United States Steel Corporation, which directly or indirectly affects a half-million wage earners, produced the usual conflicting claims by the generals on both sides.

In the great strategic centers of the struggle, the Chicago and Pittsburgh districts, many thousands of workers obeyed the strike order, but early reports stated that comparatively few plants had been compelled to close. At a large number of the outlying points officials of the smaller plants reported they were operating as usual.

Elbert H. Gary, chairman of the board of directors of the steel corporation, refused to make any comment on the situation.

Secretary Foster of the steel workers' union, issued a statement expressing satisfaction with the outlook and claiming that reports from outside the Pittsburgh district showed that the shut-down was general.

An important feature of the situation was the announcement by representatives of the 35,000 workers employed by the Bethlehem Steel Company that these men would not join the strike, pending an attempt to obtain a conference with the company officials.

Some of the blast furnaces in the Pittsburgh district were hunked, but the majority of the plants were in operation although admittedly with forces reduced from 15 percent to 65 percent. In Chicago district, including Gary and Hammond, where 100,000 steel workers are employed, similar conditions were reported. At Cleveland the union leaders claimed that 15,000 men were out and that 16 mills of the American Steel & Wire Company, employing 20,000 men, were closed down. At Ohio's second greatest steel center, Youngstown, the strike leaders also claimed that the great majority of the workers had struck at Steubenville, where three plants of the Carnegie Steel Company are located. It was asserted that all three had been forced to suspend operations.

**MANY PLANTS ARE NOT AFFECTED**  
At the less important points in Ohio and Pennsylvania, including Reynolds, Warren, Canton, Toledo, Columbus, Lorain, Painesville, Reading, and Findlay, officials of the various plants announced that their men had not taken part in the strike and that operations were in full swing. One notable exception was at Johnstown, Pennsylvania, where 12,000 men were reported to have struck.

Outside the great pivotal states of Indiana, Ohio and Pennsylvania, workers were reported nearly normal with a few important exceptions. At Erie, where the great independent plants of the Lackawanna Steel Company are located, the union chiefs claimed that 70 percent of the workers had obeyed the strike call. At Wheeling it was asserted that 8,000 men had struck and the Colorado Fuel & Iron Company's plant at Pueblo was closed down when its 2,000 employees walked out.

The mills of the Illinois Steel Company at South Chicago were closed, it was estimating that 15 percent of the 1,600 men on the day shift, had struck.

(BY THE ASSOCIATED PRESS)  
Thousands of workers in Ohio's big steel plants went out on strike today in compliance with the call for a national strike in the steel industry.

Plants hardest hit in this state were those in the Youngstown and Steubenville districts, and at Cleveland and Canton. Many of the biggest steel plants in the state were completely closed down, while others were forced to operate only certain departments. Some of the plants were able to operate all departments, but on a greatly reduced scale.

Thousands of men remained loyal or did not go on strike because of various reasons with companies at plants in Columbus, Portsmouth, Warren, Middletown, Elkhart and Lorain.

As far as could be ascertained, there were no disorders. All points reported picketing but no trouble. Governor Cox had no requests for aid in maintaining order and had but little information as to conditions over the state.

Cleveland reported that some members of the Lake Shore's Union went on a sympathetic strike today, refusing to work on boats of the corporation. Toledo reported all women there working as usual. When steel workers generally obeyed the strike order in the Youngstown district, Union officials claim more than 25,000 men did not report for work. Some of the plants, officials said, were operating on a reduced basis in some departments.

Union leaders at Cleveland reported 15,000 on strike there. Not a man turning in the Steubenville district. The plants of the big steel companies closed down Saturday and Sunday in preparation for the strike. (Continued on Page Six)

## Ludendorff Tells Of German Defeat In Marne Pocket And At Rheims In July

American troops who broke the German front south of Soissons, July 18, 1918, and turned the tide of war in favor of the Allies, pierced no thirty field lines.

Six days before Ludendorff was warned that such an attack was contemplated by Foch. He packed the best divisions he could spare on this front and gave special orders to prepare defenses to meet the assault. He then considered the situation "sound."

This is one of the revelations he makes in his account of his defeat at Rheims and in the Marne pocket. Another is that he quickly knew that he was beaten. He then dropped back in the Champagne the second day and ordered a defensive. The third day he ordered the retreat of the troops south of the Marne, where the Americans had made their historic "counter-attack." The fourth day he was with Crown Prince Rupprecht arranging for a new blow in Flanders, and troops were already on the way from Champagne to aid in it, when the American blow fell. It put him "in a state of the highest nervous tension."

By GENERAL ERICH LUDENDORFF  
The preparations for the third great offensive in the West were carried out on exactly the same lines as were those for the battles of March 21 and May 27. Colonel Infanterie again acted as Artillery Adviser to the Army Group of the German Crown Prince.

Says He Was Warned Of Attack; Made Careful Preparations To Meet It; Picked Divisions Used To Stem American Onslaught.

ADMITS AMERICAN ARMY HAD WELL FORTIFIED LINE TO PIERCE

(Bruchmuller described by Ludendorff as one of the great figures of the war though he remained only a colonel, had directed Mackensen's artillery in his breakthrough in Flanders and the artillery of the armies that broke through the British lines at St. Quentin and in Flanders.)

The 7th Army was to effect a crossing of the Marne east of Chateau-Thierry and then advance on both sides of the river in the direction of Epervier, while the 1st and 3rd attacked from east of Rheims to Launoy. These moves were to bring their right wing past the Forest de la Contagne de Rheims to Epervier, and make Chateau-Thierry their principal objective.

The offensive of this Army Group left untouched the enemy line approximately from Aire to the east of Rheims, and thereby joined a considerable

breadth that seemed to favor its chances of success.

The junction of the two attacking groups in the direction of Epervier might produce great results. The attack was to be made chiefly by those divisions that had carried out the advance across the Chemin des Dames. (May 27). This made great demands on our troops, but in our position there was no other way possible, and it allowed the divisions of the Army Group of Crown Prince Rupprecht all the more rest before the work that lay in front of them, the offensive in Flanders.

In order to relieve the 7th Army Headquarters, the 9th Army Headquarters, quarters from Humana was pushed into the line on both banks of the Aisne, between the Oise and the Ourcq.

In the attack on Rheims we reckoned on an enemy counter-offensive between the Aisne and the Marne, with Soissons as its principal objective, and we organized the 9th Army and the right wing of the 7th accordingly.

Originally the attack of the Army Group of the German Crown Prince was to be carried out on July 12, but in order to make thorough preparations possible, it had unfortunately to be postponed until the fifteenth. On the 16th, however, a big tank offensive from the Forest of Villers-Cotterets was launched, and on the 17th the preparations were in full swing, a desperate attempt, and this report gave us additional reason to re-examine and perfect our defensive measures.

## FIRST WORLD SERIES GAME TO BE STAGED IN CINCINNATI WEDNESDAY, OCTOBER 1ST

### UNION FIGURES ON STRIKERS

PITTSBURGH, Pa., Sept. 22.—Secretary Foster at union headquarters this afternoon said that reports from outside of the Pittsburgh district show the shut-down general.

He gave out the following figures as indicating the number of men on strike this afternoon:

Chicago district—60,000.  
Cleveland—30,000.  
Youngstown, proper—15,000.  
Youngstown district, including Sharon, Farrell, New Castle, Streathers, Butler, Canton and Massillon—50,000.  
Lima—12,000.  
Jonestown—9,000.  
Bruchmuller—5,000.  
Hankin—3,000.  
Canton—1,000.  
Monessen and Donora—12,000.  
Wheeling—15,000.  
Vandergriff—1,000.  
Leeterville—2,000.  
Brackenridge—5,200.  
Johnstown—15,000.  
Confessville—1,500.

PHILADELPHIA NOT AFFECTED  
PHILADELPHIA, Pa., Sept. 22.—The nation-wide strike of steel workers had little effect in Philadelphia today, but at Coatesville, near here, a few hundred workers joined in the walk-out.

Normal conditions prevailed at the Midvale Steel and Ordnance Company, the Federal Iron Works and the Bethlehem Leocomotive Works early today.

**MANY WORKMEN ABSENT**  
CANTON, O., Sept. 22.—Reports from Canton mills are that all plants except the United Alloy, are operating. It is admitted by the managers, however, that there are many workmen absent this morning. Union leaders at 9:30 a. m. made a general statement in which they claimed many men had not reported for duty at the other mills today.

**COLUMBUS OPERATING AS USUAL**  
COLUMBUS, O., Sept. 22.—The Columbus steel mills of the Carnegie Steel Company, employing several thousand men were operating as usual today and were not affected by the strike, officials announced.

**NO SIGN OF STRIKE**  
HARRISBURG, Pa., Sept. 22.—No sign of a steel strike was apparent anywhere in the Harrisburg district today. The Steelton plant of the Bethlehem Steel Company was in operation on the usual scale. Representatives of the men at the plant are attending a conference elsewhere.

**SCHUYLKILL VALLEY UNEXPECTED**  
READING, Pa., Sept. 22.—No evidence of trouble in local steel plants or elsewhere in this part of the Schuylkill valley manifested themselves today. No meetings have been held here and thus far the men are at work.

**PUEBLO PLANT CLOSED**  
DENVER, COLORADO, Sept. 22.—The steel plant of the Colorado Fuel & Iron Company at Pueblo closed this morning as a result of the strike of workers, according to a statement issued at the office of the company today. Not enough men reported to operate the plant, it was said.

**GARY MILLS OPERATING**  
GARY, IND., Sept. 22.—All mills in the Gary district were operating this morning, the opening day of the nationwide strike of steel workers. The forces at all plants, however, were materially reduced in numbers. Three thousand men of the day shift of 10,000 had reported for work at 7 a. m., according to operating officials. It was said that virtually all the American iron employees had remained at work.

**PAY DAYS HOLD MEN**  
BIRMINGHAM, ALA., Sept. 22.—

## INSURGENT ITALIANS TAKE MORE TERRITORY; U. S. MARINES LANDED

PARIS, Sept. 22.—Troops under Gabriele D'Annunzio, the insurgent Italian commander at Fiume, have begun extending their zone of occupation into Jugo-Slav territory, according to the Jugo-Slav delegation in Paris. They penetrated seven miles into Jugo-Slavia on Sunday occupying the heights of Risnik, dominating the surrounding country.

The Jugo-Slavs did not clash with the D'Annunzio forces exerting this movement, the delegation stated.

ROME, Sept. 22.—American marines have been landed at Brucari, a small town on an arm of the Gulf of Squaro, about ten miles southeast of Fiume, says a dispatch to the Messaggero. One American ship is in Fiume harbor, according to advisers, but the anchorage is a considerable distance from the city.

General Badoglio's ultimatum to the D'Annunzio soldiers, giving them until Friday night to leave Fiume, is said to have been modified so that the time limit would expire last night.

Fiume is closely invested, but in spite of this fact numbers of volunteers have managed to elude the vigilance of the guards and have joined the forces of Captain D'Annunzio in the city, according to reports. Personal friends of D'Annunzio have sent word to him they have sent supplies to the city and express the hope that ships bearing the stores may run the blockade.

Reports reaching this city from Fiume state that food for 40,000 persons must be distributed there daily.

**DISCREPIT REPORT**  
WASHINGTON, D. C., Sept. 22.—London of a party of American Marines at Brucari, near Fiume, reported last night, in dispatch from Milan, the Associated Press—German news and Rome, and actually was by order book first issued by the Austrian government of the Mediterranean, squad command process Germany tried to prevent the navy department so far as possible to prevent the outbreak of the war. It was learned early today that the report was not correct and that the United States had no intention of interfering. The fact that an American ship is in the harbor of Fiume is of no significance in the opinion of naval officials.

**WASHINGTON HAS NO ADVICES**  
WASHINGTON, D. **STOCK MARKET NOT DISTURBED BY STEEL STRIKE**  
NEW YORK, Sept. 22.—The steel strike exerted little adverse influence over the stock market at the opening of today's trading. Steel shares were least disturbed of any important issues, opening mostly at gains which, extended from half a point in United States Steel to one point in Bethlehem and three for Crucible. Reactions in the first half hour cancelled most of these gains, however.

Stocks dependent upon the stability of the steel industry, such as equipments, were steady to firm, although the motor group was inclined to yield.

**BELGIAN RULERS READY TO START FOR AMERICA**  
BRUSSELS, Sept. 22.—(Havas)—King Albert, Queen Elisabeth and Crown Prince Leopold left Brussels this morning at 8:50 o'clock for Ostend, where they will go on board the steamer George Washington for their voyage to the United States.

**RED BOOK IS ISSUED BY AUSTRIA**  
LONDON, Sept. 22.—Admiral Koltchak, head of the all-Russian government at Omsk, has informed the allies that he resigns the title of chief ruler in favor of General Denikin, leader of the anti-Bolshevik forces in southern Russia, according to a wireless dispatch sent out by the soviet government at Moscow. The message admits the Bolsheviks have abandoned Kursk after severe fighting against Denikin's troops.

responsibility by his "under-hand tactics and deception."

The belief that Germany can demand a revision of peace terms on the strength of the red book is expressed by the Diersen Zeitung, which intimates that the publication of the red book was planned to bring about such a demand. The Kreise Zeitung disavows what it calls the "unjustifiable guilt of Austrian diplomacy," while several other newspapers praise the courage and honesty that brought about the revelations of the red book. The Tagblatt says Germany was required to keep silence about facts at the peace conference so as not to hinder Austria's chances for a better peace.

**NO SYMPATHETIC STRIKE BY THE MINE WORKERS**  
CLEVELAND, O., Sept. 22.—There will be no sympathetic strikes by the United Mine Workers of America in behalf of the steel strikers by which men working under agreement might be called out.

This was made clear today when the committee to which was referred the resolution, pledging the miners to refuse coal for any purpose which might endanger the success of the steel strike, reported instead a substitute committing the organization to use such measures as can legally be employed to give practical aid to the striking steel workers.

**DENIKINE TAKES REINS**  
LONDON, Sept. 22.—Admiral Koltchak, head of the all-Russian government at Omsk, has informed the allies that he resigns the title of chief ruler in favor of General Denikin, leader of the anti-Bolshevik forces in southern Russia, according to a wireless dispatch sent out by the soviet government at Moscow. The message admits the Bolsheviks have abandoned Kursk after severe fighting against Denikin's troops.

More than coming up to expectations, Charles King, teacher of the Men's Bible Class at the Westlawn Methodist church, taught the lesson at the session of the Middle Bible Class Sunday, being greeted by almost 92 members, the largest attendance for many weeks. Mr. King, by special arrangement of mutual friends, changed places for the day with O. E. Riekey, the teacher of the local class. Mr. Riekey was greeted by 192 members of the Westlawn class, and created an equally favorable impression on his audience.

Mr. King is a teacher of the Billy Sunday type. His words come with the rapidity of a machine gun, and he had barely begun to talk until he had taken off his coat.

His talk dealt with the Bible and his impressive characterization of it left his hearers with a new reverence for the Book and its teachings and a desire to study and understand it more.

Mr. King urged that the men be real, deep-blooded Christians and not weak "sissy" ones. He held up the Bible as the Book that contained the hope of the world, and the source from which

all our institutions for good derived their inspiration, "Containing as it does, the inspired word of God."

Geo. D. Selby, president of the local class, expressed the thanks of all present for the able manner in which the lesson had been presented, and the members by a rising vote, expressed their appreciation.

It. W. Goddard, of Westlawn, who accompanied Mr. King to Portsmouth, also gave a short talk, telling of his gratification at meeting with the Bible class, and inviting all the members to visit the Westlawn class.

At a well attended meeting held in the Jewish Temple Sunday morning, a branch of the B'nai B'rith Society was formed with a charter membership of over 50.

Samuel Horlow was elected president; Simon Leiman, vice president; Louis Levi, treasurer; Sigmund Bein, recording secretary; A. Goldstein, recording secretary; and Henry Atlas, A. Schapiro and Joseph Brown, trustees. The object of the organization is to help other Jewish persons who may be in distress.

Sidney A. Cussworm, of Dayton, who is quite well known in Portsmouth, was present and delivered a fine talk. He is a clever orator and in a clear and convincing manner explained the aims and objects of the society, which includes practically all of the members of the Jewish faith in Portsmouth. Mr. Cussworm told of the work it has done in other cities and confident it will do the same here.

Sunday evening at a special service the First Baptist service flag was demobilized with appropriate ceremonies.

Rev. George V. Horst, pastor of Second Presbyterian, made a splendid memorial address honoring the men who returned and those who fell overseas while defending their country. The church had 55 members and all returned except three. The three who sacrificed their lives were Lieut. Mac Joiner who died in a Southern camp, Harmon Steagall and Arthur Williams.

Rev. E. L. Averitt pastor of the church read the records of the young men and Gardner Bites, Newton, read the record of Rev. Averitt who was Chaplain over there. The congregation and choir rendered special patriotic music and the entire body joined in prayer asking for world wide peace.

**J. S. Pearce**  
J. S. Pearce, who was 45 years master-mechanic of the N. & W. shops in East Portsmouth, died Sunday morning at 10 o'clock at his home in Crews, Y. Dearth was attributed to pneumonia which followed a four days' illness. James and Starling Pearce, two of his sons were at his bedside when the final summons came.

Mr. Pearce's body will arrive here this afternoon on the N. & W. and will be taken to the home of Mr. and Mrs. John C. Bauer, of Fourth street, where the funeral services will be conducted Tuesday morning at 10 o'clock. The will be private.

News of the passing away of Mr. Pearce will be learned of here by his countless friends with genuine regret. He was taken ill last Thursday and developed pneumonia in high lungs. Relatives were apprised of the seriousness of his condition and his two sons, Starling and James Pearce, of Indianapolis, hurried to their father's bedside and were with him when he closed his eyes in refreshing sleep.

Mr. Pearce was about 43 years of age and for many years resided with his family on Ninth street, near Cottage It was there that he came to the N. & W. from the C. B. & O. in 1891. He was made master mechanic of the N. & W. shops in Hanthorn from 1907 to December 1902, when he was transferred to Portsmouth, and to charge of his company's shops here. He remained there until November 1911, when he was transferred to the smoke. He remained there until July 1912, when he was sent to Crews, the Radford Division.

Mr. Pearce, whose wife died less than several years ago, is survived by the sons: Starling and James, of Indianapolis, and George of Youngstown. He was an honored and esteemed citizen of Portsmouth for many years.

and the news of his passing on a brotherly sorrow to many hearts. Courtly and affable at all times, Mr. Pearce made friends wherever he went. He was a kindly traitor and his own temper led him the admiration of those who came in contact with him. He was a charming man and possessed a strong, forceful character. He always was firmly by his convictions and was a deep thinker. Problems of the day were always discussed in an intelligent manner by Mr. Pearce, who was a great reader. He was an excellent husband and had long since been accepted as one of the N. & W.'s valued employees. He knew how to handle men and was a man who possessed real executive ability. Death is a distinct loss to the N. & W. and Portsmouth, which he always loved and called his home.

**John W. Poulteney Funeral**  
The funeral of John W. Poulteney, who died at his home, 1028 Grant avenue, Saturday, was held at the home this afternoon at two o'clock with Rev. M. C. Boyd of the Presbyterian church in charge.

Members of the G. A. R., W. Auxiliary Corps, Sons of V. and Girls Auxiliary and the K. will be present. The pallbearers will be K. at P. Lodge, will be in Greenwood.

**Mrs. Minnie Gunnoe Arnstein**  
Mrs. Minnie Gunnoe Arnstein recently was claimed by death at the home of her mother, Mrs. Isaac Gunnoe, Columbus. The remains were laid to rest in that city. She was the daughter of Mary E. and Isaac Gunnoe and was born in Greenup, Ky., 27 years ago. Her father preceded her to the grave 20 years ago.

The family moved to Portsmouth when the late Mrs. Arnstein was 11 years of age and she received her schooling in the Portsmouth schools. At the age of 21 years, she was married to Robert Snyder, of Ired Hill, Pa., and thirteen months later she was left a widow.

In September 1918 she was married to O. S. Arnstein, of New York City. Her husband and six step daughters and one step son survive. She is also survived by her mother, five brothers and three sisters, W. F. Gunnoe, Hamilton, O.; Wilton Gunnoe, Portsmouth, where at present is located with the Florsheim Shoe Company of Chicago; Mrs. H. Downs Cleveland, and Mrs. S. J. Simcox, Columbus.

**YOUNGSTOWN, O., Sept. 22.**—Secretary S. T. Hunt, manager, at strike headquarters at 3:30 this afternoon, stated that reports received by him show that 30,500 steel workers are out in the Youngstown district proper, and that 55,000 are out in the entire district, which embraces 19 cities and towns, including New Castle and Sharon, Pennsylvania. Commenting on the situation in Youngstown district, Mr. Hunterson said: "What is worrying us most is that we have men men already out that we want. Many men are out in the fabricating plants and how to get them back to work is a question." Officials of the Carnegie Steel Company issued a statement this afternoon saying work in the plant is slowing down and that, although they have no immediate plans for closing, will do so unless more men return to work.

A reception was held, several weeks ago at the home of Mr. and Mrs. Eddie Williams, on Eleventh street, for Rev. F. R. Reed, pastor of the First Free Baptist church. The minister who headed the party was pastor of the church, Eddie Williams, and Mr. Christopher was also present. The pastor was presented a suit of clothes as a token of the high appreciation for his services. Reed responded to a few chosen words of gratitude. About twenty ministers were present and all enjoyed the evening after partaking of an excellent supper.

# Officer Shoots A Man

Shirley Benson, 21, known to the police of Shirley Mallard, was shot and seriously wounded by Constable Double, 19 of Washington town, Sunday afternoon about five o'clock, the shooting occurring in front of Andy Smith's store at Nauvoo and a vicious attack said to have been made on the officer by Benson.

The trouble that led up to the shooting occurred Thursday when, it is said, Double became involved in an altercation with Benson's stepfather, Mr. and Mrs. Jim Mallard.

While doing some road work in front of their farm on Slab Run, yesterday afternoon Double drove up to Nauvoo in a buggy and arriving at Smith's store he was taken to task by young Benson for abusing his parents over the road work and demanded to know why the officer had threatened them with a gun.

According to several witnesses Double replied that he did it to protect himself and then Benson ordered him to get out of the buggy or he would take him out, it is claimed.

Double complied and had no sooner reached the ground than he was attacked and knocked down three times in succession by Benson and the officer then pulled his blackjack to defend himself but his assailant got possession of this and struck Double with it several times, the latter claus, while he was backing up the road. Double then drew his pistol which Benson grabbed as he fired, the bullet lodging in the latter's abdomen. The wounded man was rushed to Hempstead hospital where an examination disclosed that the bullet had entered the victim's stomach and perforated the intestines four times.

Benson rested easy last night and this morning it was stated that his condition was not alarming and that he will probably recover.

Constable Double immediately after the shooting surrendered to Deputy Sheriff Harry Dunham but was later released at the instance of Prosecutor Sheppard who on learning of the shooting, made an investigation which conclusively disclosed that the officer acted only on his proper self defense. A formal charge of shooting with intent

to kill will be placed against Double during the day.

The shooting caused much excitement at Nauvoo and the entire West Side, many persons rushing to the scene on learning of the trouble.

Both Benson and Double have lived there for many years and both have born excellent reputations. Several men wanted to take up the affair for Double, who is much older than Benson and for a short time serious trouble seemed imminent. Double has always preserved order in the vicinity of Union Mills and Nauvoo and he told Deputy Sheriff Harry Dunham last night that he did not make use of his gun until he thought Benson was going to take it away from him and use it on him.

## This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Cure Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salo, oil, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that acts up and strengthens the digestive as well as the eliminative organs.

Get a box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

# Local Teams Have Field Day; Beat Ironton And Ashland

Portsmouth enjoyed another big day in a base ball in Millbrook park yesterday afternoon when they carried off the honors in both ends of the double-header staged.

In the first half of the bill the Buckeyes, crack local colored team shut out the Ashland Blues by the score of 4 to 0 in seven rounds and Gabe's All Stars continued on their winning way in the aftermath by taking the Ironton Chasles into camp in one of the most exciting and closest battles ever fought on the local lot. In fact, had it been any closer it would have been a dead heat at Manager Ironton's crew just managed to nose out the enemy by the narrow margin, the final count being 1 to 0.

Stories which fell during the early afternoon came near preventing the big event as the diamond was thoroughly soaked by the time the colored teams had finished their argument and which was played in a drizzle. The spectators, however, kept many people from attending the games, many fans turning back after they had once started to the park.

The Henderson's pitching was too much for the colored lads from Ashland and the Buckeyes not only won the ball game but incidentally by their victory captured a fine prize in the way of a fine grandstand presented to the winners by Jeff. Mosdinger, South Western, who with some companions captured the animal while on their way here to attend the game. The boys had several good opportunities to score but they didn't have the necessary punch to close a single tally.

The big event was a royal battle between two capable outfields. Joe White being pitted against the powerful and both were in great form. While the big side-sweeper from Lawrence county had the best of it in the matter of the pitched as well as strike outs, the local batter pitched brilliantly.

By the way and was very much in evidence when trouble loomed ahead. He had his usual good control and a splendid curve ball which he floated over the plate to the other discomfiting the players whose best back-batter, Joe, he allowed to hit six hits, three of them coming in the last round.

It was the only time the visitors were threatened to score. His mates pitched him in sensational style. The outfield in with several fine catches, although he made a mistake in his catch of the ball in the third round. Benton made a couple of fine running catches in left and his throw of Cannon's fly in the third round being feature of the game.

White was quite effective and the local batters could get off his fast deliveries was 2 singles white downed hit the first on strikes. The fellow demonstrated he is a real pitcher and really deserves a bet. He had the local contingent ought to have had the best tally of the night for it resulted from a mislay.

The big marker came over in the fifth and Willis was a bit responsible for his own defeat by failing to handle Valodis's easy roller to the box. Although Wiseman came speedily and fielded the ball fast, "Val" beat it out and when Stalen limited to first base the crack third sacker sprouted for second and dashed for third after drawing a throw from Shockey Taylor to the keystone station. Then came a lucky break for Adams in his haste to head off the runner threw wide and the ball got through Doty and Val. romped over the pin with the only run of the game.

The enemy got a couple runners as far as third but could not furnish the ammunition to bring them home the way Doc. Baughman was breezing along.

Chuck McDaniel secured the only other hit off Willis, singling to center in the fourth and he was the only local player to get on base except Shultz, who was hit by a pitched ball and Valodis got a hit.

The fielding was fast considering the condition of the field and it was a remarkable exhibition of the position which was largely enjoyed by the 500 fans that braved the elements to journey to the park. All in all, it was a fine afternoon from a Portsmouth standpoint. The scores:

# WILL RE-MATCH STEWART-SANDOW

Perfectly satisfied with their treatment here and the decision of their referee, Rudity, "Doc" Stewart and Dave Sandow returned to their homes Sunday. It was stated today that this clever pair will be re-matched for another 10 round bout in Portsmouth. "The fight fans liked their battle and as there is a question as to which one is the better man we will re-match them," Harry Jefferson, one of the promoters said Monday. "The boys are real boxers and made a big hit here and will draw any time they appear here."

That tied the score. In the twelfth Valodis scored a four cushion swing that put the locals one run to the good, but Ironton came back and tied the score on a triple and a long fly. In the fourteenth, Baughman and James were hit by pitched balls. McDaniel hit the first, the first base man throwing to third to catch Baughman. The third sacker dropped the ball and Baughman scored. James was caught at home trying to get in on the play but McDaniel, landed on third and came home on a pitched ball. Myers worked five innings and Rollins nine innings for the locals with James receiving. Stiller Holliday and Cannon forced the Ironton batters.

# EXAMINER'S REPORT ON CEMETERY CONTINUED

The following is another installment of the state examiner's report on the cemetery. Other installments will follow in The Times from day to day.

It will be noted that, so far as ascertainable, the total amount of delinquent accounts were \$291.25, notwithstanding the fact that the 4th rule of the cemetery rules and regulations reads as follows:

"All work must be paid for when ordered."

No doubt the board of public service, when adopting the above rule, did so with the best interest of the city in view and also with the intention that it should be rigidly enforced and observed, and not merely left on the books as a nullity. So far as ascertainable there have been no amendments to the rules and regulations as adopted July 20, 1909, hence said rules and regulations are still in effect and should be enforced by the parties to whom such work has been entrusted.

Officials and employees are placed in office, under oath, to observe the law and to protect the interest of the citizens and taxpayers of their respective municipalities by rigidly enforcing not only the laws of the state and municipality but also the rules and regulations of the subdivisions, and when they fail to observe and enforce such laws and regulations they are delinquent to the trust imposed.

Rule 4 of the cemetery rules and regulations is one of the laws of the city, made as by a department that had jurisdiction in such matters, hence it is to be observed and not wilfully ignored. If an official or employee has not the moral stamina to enforce laws and rules governing his department, it is to the interest of the city that he tender his resignation at the earliest moment.

It would appear that not only have the provisions of Rule 4 been ignored but also Rule 7, which provides:

"No work shall be performed upon any lot upon which there remains an unpaid account."

By referring to the foregoing statement of delinquent account it will be noted that of the total of \$291.25, delinquent September 30, 1918, \$11.50 was due delinquent accounts of the years 1916 and 1917, and notwithstanding these payments were unpaid for 1916 and 1917, yet the superintendent performed work on such lots thus clearly ignoring the provision of Rule 7.

It would appear that the work performed in the caring for lots is on the initiative of the superintendent without specific order from the director of service. If such policy is to be continued then the superintendent should be expelled to observe and impartially enforce the rules and regulations of the cemetery, and if he persists in wilfully ignoring such rules and regulations he should be forthwith suspended from the public service. If the rules were

observed there would be no open or delinquent accounts—their existence is due to the failure of the superintendent to perform his duty. We would advise that the superintendent be permitted to perform no special service in the way of care of lots, constructing foundations, etc., until he has received an order from the director—such order not being issued until the parties for whom the service is to be rendered have paid for same. Public business should be transacted on a cash basis—other cities of the State so do and there is no reason why Portsmouth should be an exception.

## RECORDS AND ACCOUNTS OF CEMETERY CLERK

The clerk of the cemetery keeps a classified journal of receipts, the same being a duplicate of the receipts journal of the city auditor and disclosing the following data: Date of collection, name of decedent, purpose for which collected, such as burial permit, grave lowering license, lot and reserve grave, and the name of the undertaker.

The receipts journal was neatly and accurately kept. A superintendent's order is issued for all grave and lot sales, the clerk keeping such orders on file in his office. The grave and lot orders were checked against the receipts journal of the city auditor and found to be accurate. No stub receipt or duplicate records were kept owing to the peculiar manner in which the cemetery business is transacted in Portsmouth, the conditions of which will be fully commented upon further on in this report.

The clerk issues all burial permits retaining the duplicate in his office, the superintendent receiving the original which is kept on file at the superintendent's office.

In addition to the above records the clerk keeps a record of lots which is also his record of deeds, the same being neatly and accurately kept.

In order to verify the collections the receipts journal of the city auditor was compared with the grave and lot orders of the city auditor and clerk, with the death records of the vital statistics, clerk of the City of Portsmouth and the village of New Boston, burial permits of the cemetery clerk and with the interment record of the cemetery superintendent.

In addition to making the above check we also checked the lot orders of the superintendent with his lot record and also the lot and deed record of the cemetery clerk; the grave orders were then checked with the grave and reserve grave record of the superintendent and the burial permits were checked with the interment record.

In checking the original grave orders with the stubs as kept by the superintendent it was disclosed that stubs No. 442 and 443 were marked void, yet the original order was unattached. In this connection we desire to call attention to the necessity of preserving these orders in the future if the parties issuing the same do not wish to be held accountable for the amount thereof.

The superintendent deposits his collections with the service director monthly. In this connection we desire to call attention to the provisions of Section 289 G. C., which requires that all collections shall be deposited in the city treasury every twenty-four hours.

The superintendent keeps no time book record of the work employed in his department, however he does keep a card record of each employee, the same disclosing the name of the employee, dates, and number of days worked, rate paid per day and the amount due and paid. The time cards were checked with the payrolls of the department. Relative to the manner of keeping a time record we would advise that a regular time book be installed the same to disclose the dates worked, hours worked per day and the amount paid. In the installation of the regular time book, not only much time could be saved in the audit but it would make less work for the superintendent and lessen the possibility of the records being lost, a grave responsibility which rests upon the head of the department.

## TRACHOMA SPECIALISTS TO HOLD FREE CLINICS

Parents, bring your children who have trachoma and any thought to be affected, to the Gay Street Dispensary. The free clinic opened there at 2 o'clock this afternoon. This clinic for trachoma is now being conducted in Portsmouth by Surgeon John McMillan of the United States Public Health Service. He is one of the most noted specialists who have been in Portsmouth for a number of years. He has been employed by the United States government to do this work for many years, he began with the specialization of

trachoma at Ellis Island, working with the immigrants. Dr. McMillan has recently been conducting trachoma clinics in Kentucky, Federal and State health authorities, Dr. J. L. Goodwin and Dr. Ross Hopkins, have been making a complete survey of urban and rural schools and have found quite a number of cases which are in urgent need of treatment.

Dr. F. G. Houston, who is at the head of the division for treatment of communicable diseases, is in Portsmouth for several days in order to be with the clinic during the beginning of its operations.

Trachoma is a serious contagious disease of the eyes which begins before one is severely aware of it and ends by destroying the eyesight in many cases.

The disease persists for years but treatment is best given in childhood when it can be permanently cured.

Children who have the disease are backward in their school work and many who are thought dull when not treated. Dr. Herbert Harlan, a noted eye expert of Baltimore, will be here, in an official position but simply on account of his interest in the work.

The State Department of Health and the Bureau of Community Service are co-operating with Dr. McMillan in this work.

The clinic will be here for a short time but it is better to bring the children at the earliest possible time.

By sending the best trachoma specialist in the country to Portsmouth and conducting the clinic with doctors of prominence in national and state clinics, Uncle Sam is putting out the helping hand to all Solon county which has always responded warmly to all government demands.

# MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Will the woman who is now taking care of the little girl who wants a name please call 33, Tuesday morning before nine o'clock.

Dear Miss Wise—I am nineteen and engaged to a fellow one year my senior. We have been engaged quite a while and I thought I loved him, but now I know I don't, although he is a good fellow in every way. He says he loves me dearly, but he does not show it in any way, although he is good to me. About two months ago I met a young man, and have since learned to care very much for him, and although I am sure he cares nothing for me now, I should like to win his love. At times

he will not let me care for him, and other times he will act indifferent. It worries me, for I really care very much for him, although I would not want him to know it.

Should I break my engagement with the first man and go with the second one in hopes of winning his love, or should I give him up and continue with the fellow I am engaged to but do not love?

Break your engagement since you no longer love your fiance. In the future do not give your love so easily, but wait until time has tested its depth. Doubtless you will care as little for the second young man as you do the first if you are given the opportunity to become better acquainted. Do nothing to show the second young man that you are interested in him. Perhaps when he learns that your engagement is broken he will seek you.

Dear Miss Wise—Will you please tell me if it is perfectly all right to accept money from your future husband and to let him help buy your wedding clothes?

It is returned from overseas and wishes our marriage to take place at once, but as I have not my trousseau complete, am asking you to do.

WORRIED ELITE. It is not "perfectly" all right for a girl to accept money from her future husband, but it is sometimes done. It would be better to marry without a trousseau and to buy clothes after marriage.

I think, however, if you are working it would be better to wait until you are in a position to buy a simple trousseau yourself.

Dear Miss Wise—I am fifteen years old and have been keeping company with a young man I don't like very well. He asked to come to see me. I told him he could not.

I have another young man more than any one I ever saw. My father and mother do not care to have me keep company and said I could not marry until I am twenty.

There is another young man to whom I wrote until about three weeks ago. He still writes to me, but I do not answer his letters although he seems to care a great deal for me. Please tell me what to do.

BROKEN HEARTED. Stop going with the boys entirely for two or three years. You are of an age that it would be far better to think about your school work and your girl friends. Your parents are right in not wanting you to marry until you are twenty years old.

Dear Miss Wise—I am a girl sixteen years old and in my senior year in high school. I am now going with a boy two years my senior who goes to college and for whom I care very much. I have gone with him two years. Do you think I am old enough to trust myself to marry him? How old should one be before she considers seriously the question of engagement?

My friend's parents do not like me, although I always try to do what is right. Is it proper for me to let him come to see me when they object?

When my friend takes me to a dance is it proper for me to dance with anyone besides him?

BEAUTY. I do not think you are old enough to marry. Wait until you are at least twenty before you consider engagement.

Yes, it is all right for you to let him come. His parents probably feel that no girl is good enough for him. You should not give your heart more than seven dances.

Dear Miss Wise—I am a boy eighteen years of age and have been going with a girl twenty years old for almost a year, and I have loved her dearly. She seems to think a good deal of me, but of late it seems as if my love has faded away. We are not exactly engaged, but were speaking of this matter. I haven't given her a ring

or anything and she hasn't made the vow.

Now I don't love her as I did and don't think we could live a happy life together, but she seems to love me yet. Would it be right for me to tell her I don't love her any longer or to go on and marry her? Or should I just quit going with her gradually and go with some other girl I love more?

TROUBLED. To break off gradually is probably the best way. Start to go with other girls, too. When she realizes that there is a change she may speak to you about it and then you can say that you find you are too young to know your mind in regard to love.

Dear Miss Wise—To whom can I report an employer who works his girls over fifty hours a week? Can he be made to pay them overtime?

ONE WHO WORKS. Report the employer to the state industrial commission at the state capital. He cannot be forced to pay overtime, but he can be compelled to conduct his shop under state laws which would prevent over fifty hours a week. This case should be reported.

SOCIETY. This time next week the meeting of the Woman's City Club will have been over and groups of interested women will be talking in their homes of the work which will be accomplished by this club, which is approved by Mayor H. H. Kays, and has found favor in the eyes of the Business Men's Association and of many prominent men in the city.

What does the club mean? Why an organization of women? The club means that an interested group of women in the city are looking beyond the narrow confines of their home walls—and go far as France or Belgium, perhaps, but just as far as concerns the betterment of the American youth, the old home town, and the sanitary conditions which govern the health of an American city. It's not a selfish, far-off Europe idea. It's a broad sweep of the idea that charity begins at home.

There is a membership fee of one dollar. It has been suggested that some persons inclined to help the enrollment along would pay the membership fees of a neighborhood or assist some women who are anxious to become members for the coming year. The plan for the large enrollment is at the heart of every woman in the city who is possessed of the larger vision. Last year, perhaps, the plan might not have gone through, but this year, after the lessons taught by the school master War, women have learned among other things that the life beyond their front doorstep is an important feature and a heavy responsibility.

The enrollment is going to be quietly conducted through a number of weeks. You do not have to be a member to attend a meeting. The meetings are open to every woman in the city. Come to the meeting Monday afternoon at 2:30. It's in the assembly room of the Security Bank building and can easily be found by using the Sixth street entrance to the building and taking the stairs to the right.

### New principles in tire building

**THE** Thermoid Compound Tire is made by the same company which makes the famous Thermoid Hydraulic Compressed Brake Lining.

It is a rubber-fabric tire—but made in a new way, of a non-porous rubber compound.

Crocidol—and what it does to rubber.

Average rubber loses much of its original strength and elasticity

You can't pull the tread off a Thermoid Tire

during hard service. Crocidol Compound Rubber stays water-tight indefinitely because the small pores are sealed up.

Not only does this new substance, Crocidol, increase toughness 50% to 200%, but it increases elasticity

—a one-inch strip stretches to 7 1/2 inches.

Thermoid Crocidol Compound Tires will give you extra mileage and satisfaction. The guarantee protects you, 6000 miles guaranteed (Ford Size 7300).

## HOW REDS AND THE WHITE SOX COMPARE

CHICAGO, Sept. 22.—The Chicago White Sox, pennant winners of the American league, who battle the Cincinnati Reds, winner of the flag in the National league, next month, appear to be practicing hitting in preparation for the titanic games. The White Sox, who topped the Reds last week in hitting, added another point to their average and are leading their future rivals by twenty points. The team batting of the American league club is .281 compared with .264 for the Nationals. Both clubs are topping their respective leagues in batting.

The Reds have four points average in team hitting last week, and as each club advanced this margin remains unchanged.

Five Reds showed a gain in their batting during the past week. These include Roush, who boosted his mark from .219 to .221, Eller, Kopf, Magee and Salter.

A big number of the White Sox also added to their averages and of these Eddie Collins, bats the quintessence with .223 compared with .216 last week. The others who climbed are E. Collins, Felsch, Elsborg and Keer. Jackson dropped a few points.

Eddie Collins is topping the base stealers of each club with 24 thefts. His nearest rival on the Reds is Neale with 27.

Heinie Groh, captain of the Reds has cracked out five homers which is the high mark for his club, while this is topped by two White Sox—Jackson and Felsch—who have banged out 7 and 6, respectively. Each club has a trio of players who are hitting above the .300 mark. The Reds have Roush, .324; Groh, .311 and Eller, .307, while the White Sox have Murphy, .478; Jackson, .345; and E. Collins, .323.

The batting averages of the players on each team are:

CHICAGO WHITE SOX	Games	Pct.
Murphy	21	.478
Jackson	21	.345
E. Collins	21	.323
Felsch	21	.311
Eller	21	.307
Gandil	107	.298
Weaver	131	.291

### The dangerous stone bruise

**B**RUISES mean broken inner fabric, and broken fabric means blowouts—the ruin of more tires than all other causes combined.

Frequently bruises result from under-inflation, but too often they are due to faulty construction and to the shortcomings of ordinary rubber and fabric.

Two years ago the Thermoid chemists discovered Crocidol, which is compounded with Up River Fine Para rubber in four different ratios:

1—for scalding each layer of fabric

2—for the cushion inside below the breaker strip

3—for the intermediate bond between the breaker strip and tread

4—for the tread of the tire

This process adds strength and elasticity to the fabric and rubber and has done much in combating the stone bruise, tread separation, blowouts, and all common evils that make tires short lived.

One Thermoid Crocidol Compound Tire will prove this to you. You take none for this tire is sold on a basis of 6000 miles of guaranteed service (Ford size 7300 miles).

#### "BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the "Bayer Cross." Always buy an authentic "Bayer Cross" package which contains proper directions to safely relieve headache, toothache, neuralgia, colds and pain. Handy boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monacodol, Germany.

Obituary of American Legion Sunday throughout the United States has been requested by the National Executive committee. Sunday, November 10, is designated as the date.

Chargemen will be asked to devote a part of the whole of their services upon the world war veterans' organization.

This plan was adopted to stimulate the organization of the four million men who served during the war.

A committee comprising W. J. Keyes, Sherrard M. Johnson, Ralph S. Manning and W. M. Thomas will confer with Alan S. Jordan this week relative to the barbers or entertainers, which the Board of Trade intends to extend to returned soldiers.

If you are an ex-serviceman and want a job, medical attention, information about your pay or insurance, vocational training, legal advice, and other information, call Sherrard M. Johnson, adjutant of James Dickey Post No. 23. The local post has taken steps to look after these things.

Little Miss Lorena Foot, daughter of Mr. and Mrs. Morley Foot, of Court street, who is very ill with typhoid fever, was reported better Sunday.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham, Med. Soc. Lynn, Mass. Thereafter of their 40 years' experience is at your service.

#### STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. O. A. Bowers, 621 S. ### Hurricane Survivors Are Delayed In Reaching City

Relatives of Dr. H. H. Blankmeyer, Arkansas Pass, Texas, who are anxiously awaiting word of his safety and plans, are worried, as they have not received any word since the telegram announcing the storm and consequent disaster to Dr. Blankmeyer's property.

Mrs. Anna Becker, sister of Dr. Blankmeyer, and Miss Ruth Blankmeyer, his daughter, were supposed to have been on their way to this city, but so far no word has been received from them.

Once in a while a telegram filters through from that part of the country. It seems, as several have been received.

Portia of a Big City, featured at the Lyric Theatre.

There is a thousand different ways of looking at life. Some know it only as a centre of gaiety and pleasure. Others know it as the breeding place of wealth and luxury. But every big city has a hidden side that visitors who are strangers seldom see. The underworld, with its pleasures and its pains, is a world of its own. It is a world of crime and sin, and it is a world that is hidden from the eyes of the public. The film "When a Woman Strikes" is a story of a woman's life in the underworld. It is a story of love, ambition, and sacrifice. The film is a masterpiece of the silent screen, and it is a must-see for all movie lovers. The film is being shown at the Lyric Theatre on Thursday, Friday, and Saturday nights.

Constance Talmadge in "A Temperamental Wife"

This is Miss Talmadge's first picture made by her own company for First National Productions at the Columbia Tomorrow and Wednesday

The heartaches of a girl who wanted a husband who neither spoke to nor even looked at other women came in considerable quantities to Billie Blings, whose role is portrayed by Constance Talmadge in her latest picture, "A Temperamental Wife," which will be seen at the Columbia tomorrow and Wednesday.

There was only one man, Billie discovered who answered the every strict requirements of her "ideal", and that was Senator Newton, of Nevada, a rather society bachelor who was so fastidious he wouldn't shake hands with a woman without getting a quiver down the spine.

Score from "When a Woman Strikes"

Ben Wilson, Neva Gerber and Rosemary Theby in "When a Woman Strikes," at the Lyric Theatre Wednesday—A Western Picture With a Punch in Every Scene.

A story of the old west—the West of yesterday—the West of the day when the thousands flocked to the gold fields of California in '49—this is what will be treated on the screen of the Lyric Theatre when "When a Woman Strikes" is presented by the management as the special attraction Wednesday. Four big screen stars are seen in this picture—Ben Wilson, Rosemary Theby, Neva Gerber and Murdoch MacQuarrie. When four such stars as these are assembled in the same cast and when this quartet represents the action of a thrilling melodrama as "When a Woman Strikes," presents lovers of the silent drama as a picture that holds real interest for them. Make it your object to see this production Wednesday.

At The Arcadia Tonight  
 Lyle Morrison is the star playing here tonight in another two reel Western feature, entitled "The Jaws of Justice." A two reel Century edition, entitled "A Village Venus." It is a one big long scream with Billie Blings and Jenny Adams as the laugh producers.

Well Worthy of Monument  
 There is not a Yboride, four Brussels, a monument to William Tyndale, translator of the Bible. On its base are inscriptions in English, French and Flemish. Tyndale was a native of Gloucester, Eng., but his sympathy with the new learning, aroused suspicion, and he removed to London. Finding it, however, impossible to complete his translation of the New Testament and the Psalter, upon which his fame with posterity rests, he removed to Hamburg and later to Cologne and hence became identified with the continent. He began his printing in 1526.

# STEEL WORKERS' STRIKE STARTS NUMEROUS PLANTS SHUT DOWN

## Mills In Many Towns Are Not Affected

PITTSBURGH, Pa., Sept. 22.—The struggle between organized labor and the employers in the steel industry was in full swing today. In the Pittsburgh and nearby districts many thousands of men obeyed the order of their leaders and failed to report when the whistles blew for the day shifts to go to work.

Three many joined in the walk-out, and with what degree of effectiveness the strike was initiated, was not known definitely by either side. In the contest in the early hours of the day, however, found mill guards, borough and city police, mounted Pennsylvania state police, volunteer guards, deputy sheriffs, detectives and other guardians of the law on duty for any emergency.

Wherever the strike leaders in every steel mill community was abroad, in directing strikers and pickets in their duty and persuading men on their way to work to turn back and join in the strike. Early reports indicated that hundreds of men were turned back in various communities.

Full protection, as far as could be made, was given to men who determined to go to work, the streets and yards leading to the mills in every steel community on the Monongahela, Allegheny and Ohio valleys being

patrolled by armed guards. The state police had their first clash with crowds Sunday afternoon in North Chatham and near McKeesport, where they broke up mass meetings at the request of local police officials. Strike leaders charge that a number of persons in the North Chatham crowd were severely hurt in the clash there.

Early reports from the popular centers of Allegheny county showed that the strike went into effect without any disturbances. At McKeesport, where strong efforts were made to bring out the men, all streets leading to the steel mills were heavily guarded. Men fell in the early hours which had the effect of keeping men from congregating.

At the National Tube Company's works at McKeesport, one of the largest industries there, large numbers of men went to work without incident. What percentage of the workers answered the whistle officials of the company would not say early today.

**STRIKERS ARE FOREIGNERS**

The chief of police of the town, who is in close touch with the officials of the works, said the majority of the Americans employed there went to work and that the strikers were largely foreigners. Foremen in small departments said the "usual number" of men went to work.

At Bradock, where the United

States Steel Corporation has extensive works, and also at Homestead, crowds of men walked the streets, but every one was kept moving. No early reports came from steel corporation sources of the effect of the strike.

**BOTH SIDES SATISFIED**

PITTSBURGH, Pa., Sept. 22.—"We got away in good shape, at most of our plants in and about Pittsburgh this morning," said a representative of the Carnegie Steel Company, when asked for a statement on the effect of the steel workers' strike which went into effect today.

"We are agreeably surprised at the showing made," was the announcement by William Z. Foster, secretary of the national committee for organizing iron and steel workers, who is in charge of the Pittsburgh district.

The Carnegie Steel Company did not issue a formal statement, but gave out for publication information which it was announced, came to the offices here from superintendents of various plants.

At Homestead, where the company's largest works are located, the Carnegie representatives, who are in operation with a few men absent. The men, it was stated, walked to work in large bodies. Some of the blast furnaces were hunked. The same situation was reported at the company's Edgar Thomson works at Bradock. At the Carnegie plant at Duquesne, the company said the information was that the works were in 100 percent operation.

The Carnegie furnaces of the Carnegie Company at Rankin were reported to the offices here as not operating in full, approximately 15 percent of the men remaining away.

### FURNACES FORCED TO CLOSE

Company officials said the number of men who would quit work would not exceed 20 percent of the total and might not go above 15 percent. Six of the 11 blast furnaces at the South Chicago plant were closed during the night and should, the engineers carried out their threat to strike, it was said a total of 30 blast furnaces in the Chicago district which includes 43 mills within a radius of 90 miles of the city, would be compelled to close.

While the engineers at Gary, Indiana Harbor, Hammond and Joliet have voted to strike in sympathy with the steel workers, it was said such action was in opposition to orders from their international officers.

At Joliet union officials claimed that 500 men out of the 1,000 employed at the Illinois Steel Company's plant there walked out during the night and that before the day was over more than one half of the force would be out.

**NO DISORDERS REPORTED**

No disorders beyond the jeering in a few instances by strike sympathizers of men on their way to work had been reported early today.

Six hundred patrolmen of the Chicago police department were detailed on strike duty, 200 of whom were distributed at various plants around the city the remainder being held in reserve. John Fitzpatrick, chairman of the national committee in charge of organization of the steel workers of the country, went to Gary today where he will open headquarters from which to conduct the strike in this district.

### UNION SAILORS QUIT

CLEVELAND, Sept. 22.—According to an official of the Lake Reamers' Union here, union sailors at this port this morning quit several steel corporation freighters at the docks, refusing to work on the boats. He would give no estimate of the number of men out.

### MILLS BADLY CRIPPLED

YOUNGSTOWN, O., Sept. 22.—Early reports from the various steel mill centers at 8 o'clock this morning indicated that men had obeyed the strike orders generally and that practically all mills in the Mahoning valley either were badly crippled or may be forced to suspend operation altogether.

At union headquarters it was declared that the strike is a complete success and that every mill is closed.

There were no reports of disorder at any of the plants. Picketing was strong. At the Youngstown Sheet and Tube Company and the Republic Iron and Steel Company, 90 percent of the men are said to have failed to report for work. The two plants employ about 24,000 men.

### ILLINOIS FIRM CLOSES MILLS

CHICAGO, Sept. 22.—The steel mills at South Chicago of the Illinois Steel Company closed this morning, only a few foremen remained to draw files in the furnaces. It was estimated by union officials that 65 percent of the 4,000 men on the day shift in the plant failed to report for work. No official figures were given out by the company. At the Illinois Steel Company plant at Milwaukee subsidiary of the United States Steel Corporation, 800 of the 1,500 workers failed to report, said union officials.

### MILLS RUNNING AS USUAL

YORAIN, O., Sept. 22.—Officials of steel plants here and in Elyria announced that their mills opened as usual

this morning with practically all of the men working. Officials of the National Tube Company, a local subsidiary of the United States Corporation, issued a statement that all of the 5,000 men on the day shift had returned to work. Cromwell Steel Company officials say their 400 men did not strike.

### MILLS SHUT DOWN

CLEVELAND, O., Sept. 22.—Union leaders claim that at least fifteen thousand steel workers were on strike this morning and that plants of some of the independents were closed.

The sixteen mills of the American Steel and Wire Company, a steel corporation subsidiary, employing 9,000 men, were completely closed down. The McKeesport Steel Company, largest independent plant, employing 1,000 men, was also shut down. The Bourse Plate Company, another independent employing 2,000 men, was reported idle.

### NO EVIDENCE OF STRIKE

NEW YORK, Sept. 22.—At the offices of the United States Steel Corporation here early today there was nothing to indicate that a general strike directed against the company's 115 plants was in progress. Heads of departments and the chief force started work at the usual time and were apparently unconcerned about the strike situation.

### NO STRIKE AT MIDDLETOWN

HAMILTON, O., Sept. 22.—It was announced today that the nation-wide steel strike does not affect the plant of the American Rolling Mills at Middletown, this county. The company, it is stated, has an agreement with the union.

### CLAIM SEVENTY PERCENT OUT

BUFFALO, N. Y., Sept. 22.—Union men claimed that 70 percent of the workmen in the plants of the Lackawanna Steel Company, the Rogers-Brown Steel Company and Donner Steel Company, closed the strike call today. No statement was forthcoming from the companies.

### PLANTS CLOSE DOWN

SPRINGFIELD, O., Sept. 22.—Following the action of the La Belle Iron Works on Saturday evening, the Mingo works and Stenbockville blast furnaces of the Carnegie Steel Company closed down tight at midnight Sunday. Not a wheel is turning in any of these industries today. The Steelton plant of the Weirton Steel Company followed suit this morning. The only plant in the nearly local district that did not heed the call to strike by the American Federation of Labor is the Weirton Steel Plant, at Weirton, West Virginia, across the river from here. The Weirton plant was operating ninety percent this morning. Situation was quiet.

### NOT AFFECTED BY STRIKE ORDER

POTTSVILLE, Pa., Sept. 22.—The Erie Steel Company, employing about 1,000 men was not affected by the strike order. All the men reported for work as usual.

### WHEELING PLANTS CLOSED

WHEELING, W. Va., Sept. 22.—All steel plants in this district were closed this morning, approximately 8,000 employees having joined the nation-wide strike. No disorder had been reported up to 11 o'clock this forenoon when it

### OPENING STOCK

NEW YORK, Sept. 22.—Industries were among the strongest issues at a regular opening of today's stock market, dealers reflecting only in moderate degree, the ushering in of the strike. United States Steel opened with running sales of 500, to 3,000 shares at a maximum gain of 1 point. But this was soon canceled. Bethlehem Steel advanced 1 point. The latter added 2 more, followed by a 4 point reaction. Shares closely related to the steel group, notably American and Baldwin Locomotives, advanced 1 to 2 points and tobacco, also recorded substantial gains.

# OFFICER SHOTS MAN AT NAUVOO

Benson, 24, also known by the name of Harry Mallard, was shot and wounded by Constable Double, 40 of Washington town, yesterday afternoon about five o'clock, while the shooting occurred in front of the store at Nauvoo and while doing some road work in front of their farm on Slab Run.

Yesterday afternoon Double drove up to Nauvoo in a buggy and arriving at Benson's store he was taken to task by young Benson for abusing his parents over the road work and demanded to know why the officer had threatened them with a gun.

Double replied that he did it to protect himself and then Benson ordered him to get out of the buggy or he would take him out, it is claimed.

Double complied and had no sooner reached the ground than he was attacked and knocked down three times in succession by Benson and the officer then pulled his blackjack to defend himself but his assailant got possession of this and struck Double with it several times, the latter claims, while he was backing up the road. Double then drew his pistol which Benson grabbed as he fired, the bullet lodging in the latter's abdomen. The wounded man was rushed to Hempstead hospital where an examination disclosed that the bullet had entered the victim's stomach and perforated the intestines four times.

Benson rested easy last night and this morning it was stated that his condition was not alarming and that he will probably recover.

Constable Double immediately after the shooting surrendered to Deputy Sheriff Harry Dunham but was later released at the instance of Prosecutor Sheppard who on learning of the shooting, made an investigation which conclusively disclosed that the officer acted only on his proper self defense. A formal charge of shooting with intent to kill will be placed against Double during the day.

The shooting caused much excitement at Nauvoo and the entire West Side, many persons rushing to the scene on learning of the trouble.

Both Benson and Double have lived there for many years and both have been excellent reputations. Several men wanted to take up the affair for Double, who is much older than Benson and for a short time serious trouble seemed imminent. Double has always preferred order in the vicinity of Union Mills and Nauvoo and he told Deputy Sheriff Harry Dunham last night that he did not make use of his gun until he thought Benson was going to take it away from him and use it on him.

## Expert Trachoma Specialists To Hold Free Clinics Here

## Liberation Day To Be Celebrated In Millbrook

Today is the 54th anniversary of Liberation Day and despite the inclement weather Portsmouth's colored people will celebrate the day by an outing to Millbrook Park. The rain will probably make the ball grounds heavy but effort will be made to play the colored game between the Blues of North End and the crack colored team representing Greenup. The game will be called late in order to let the diamond dry as much as possible.

The rain will no doubt keep down the number of parties who intended taking big basket lunches. The rain will not trouble the evening program as the dancing and skating will take place in the pavilion.

Parents, bring your children who have trachoma and any thought to be affected, to the Gay Street Dispensary. The free clinic opens there at 2 o'clock this afternoon. This clinic for trachoma is now being conducted in Portsmouth by Surgeon John McMullen of the United States Public Health Service. He is one of the most noted specialists who has been in Portsmouth for a number of years. He has been employed by the United States government to do this work for many years. He began with the specialization of trachoma at Ellis Island, working with the immigrants. Dr. McMullen has recently been conducting trachoma clinics in Kentucky. Federal and State health authorities, Dr. J. L. Goodwin and Dr. Ross Hopkins, have been making a complete survey of urban and rural schools and have found quite a number of cases which are in urgent need of treatment.

Dr. F. G. Joudreau, who is at the head of the division for treatment of communicable diseases, is in Portsmouth for several days in order to be with the clinic during the beginning of its operations.

Trachoma is a serious contagious disease of the eyes which begins before one is scarcely aware of it and ends by destroying the eyesight in many cases.

The disease persists for years but treatment is best given in childhood when it can be permanently cured.

Children who have the disease are backward in their school work and many who are thought dull when affected become good scholars when treated.

Dr. Herbert Harlan, a noted eye expert of Baltimore, will be here, in no official position but simply on account of his interest in the work.

The State Department of Health and the Bureau of Community Service are cooperating with Dr. McMullen in this work.

The clinic will be here for a short time but it is better to bring the children at the earliest possible time.

By sending the best trachoma specialist in the country to Portsmouth and conducting the clinic with doctors of prominence in national and state circles, Uncle Sam is putting out the helping hand to all Seacoast county which has always responded warmly to all government demands.

## ARRANGEMENTS FOR WORLD SERIES TO BE MADE TODAY

CINCINNATI, O., Sept. 22.—The national commission will decide today the opening game of the world series will be played between the Cincinnati Reds, winners of the National League pennant, and the Chicago White Sox, the likely winners of the American League pennant. Arrangements at the same time will be made for the games between the Cleveland-Americans and the Cincinnati club, in the event that White Sox is posed out, but the rumor is that Chicago has not yet clinched the pennant in their league.

The commission was scheduled to meet at noon and in addition to settling the place and dates of the games, was to discuss other matters relative to the schedule, tickets, umpires and time of starting the contests.

October 1, was practically settled upon as the opening date. It was also said that the first two games would be played in the city winning the toss, and the next three games would be played in the city of the other competitor.

The next two, if necessary, would be played where the series started, and if neither club had yet won its fifth game, the remaining games would be played in the other city. It was explained that this arrangement would minimize the traveling of the clubs.

It was further announced that the drawing for the tickets for the games here would be started by Presidents Messer and Johnson. They were to draw the first hundred envelopes.

On account of the war last year, many radical changes were made in the arrangements governing the world series between the Boston-Americans and the Chicago Nationals.

## Death Claims J. S. Pearce

J. S. Pearce, for 15 years master mechanic of the N. & W. shops in East Portsmouth, died Sunday morning at 10 o'clock at his home in Crews, Va. Death was attributed to pneumonia and followed a four days' illness. James and Starling Pearce, two of his sons were at his bedside when the final summons came.

Mr. Pearce's body will arrive here this afternoon on the N. & W. and will be taken to the home of Mr. and Mrs. John C. Ramey, of Fourth street, where the funeral services will be conducted Tuesday morning at 10 o'clock. They will be private.

News of the passing away of Mr. Pearce will be learned with regret by his countless friends with genuine regret. He was taken ill last Thursday and developed pneumonia in both lungs. Relatives were apprised of the seriousness of his condition and his two sons, Starling and James Pearce, of Indiana, hurried to his father's bedside and were with him when he passed his eyes in everlasting sleep.

Mr. Pearce was about 62 years old and for many years resided with his family on Ninth street, near Officers' Row. He was in 1877 that he came to the N. & W. from the C. & D. in St. Paul. He was made master mechanic of the N. & W. shops in Hammond from 1897 to December 1900, when he was transferred to Portsmouth and took charge of his company's shops here. He remained here until November, 1917, when he was transferred to the N. & W. shops in St. Paul, Minn. He remained there until July 1919, when he was sent to Crews on the Railroad Division.

Mr. Pearce, whose wife died here several years ago, is survived by three sons: Starling and James of Indiana, and George of Youngstown, Ohio. He was an honored and respected citizen of Portsmouth for many years, and the news of his passing on brought sorrow to many hearts. Numerous friends wherever he went. His kindly traits and his even temper won him the admiration of those who came in contact with him. He was a man among men and possessed a strong and forceful character. He always stood firmly by his convictions and was a deep thinker. Problems of the day were always discussed in an intelligent manner by Mr. Pearce, who was a great reader. He was an expert mechanic and had long since been regarded as one of the N. & W.'s most valued employees. He knew how to handle men and was a man who pos-

## OBITUARY

John W. Puntney Funeral

The funeral of John W. Puntney, who died at his home, 1025 Grandview avenue, Saturday, will be held from the home this afternoon at two o'clock with Rev. O. C. Boyd of the First Presbyterian church in charge.

Members of the G. A. R., Woman's Auxiliary Corps, Sons of Veterans and their Auxiliary and the K. of P. will be present. The pallbearers will be members of K. of P. lodge. Burial will be in Greenlawn.

Mrs. Clarence Filgor

Death at 12:15 o'clock Sunday morning caused the death of Mrs. Clarence Filgor, the final summons coming at her home 1416 Franklin avenue after several weeks' illness of complications. Mrs. Filgor was formerly Miss Doris Leona Curdell of Wakefield.

The deceased was nineteen years of age. She was married several years ago to Clarence Filgor of this city. Three children born to this union died in infancy. Over two weeks a child born to Mr. and Mrs. Filgor died shortly after birth.

Mrs. Filgor was a member of the First Christian church. The funeral will be held from the church Tuesday afternoon with Rev. Charles R. Oakes in charge. Interment in Greenlawn.

## Team Will Practice

All players of the N. & W. football team are urged to be present at the regular practice held at 6:30 o'clock. After a short business meeting a light practice will be held, despite the rain. The eleven will train hard the rest of the week in order to get in shape for the first big game of the season which will be next Sunday at Millbrook with a Camp Sherman team.

## THIEF RAIDS HEN HOUSE

A chicken thief caught in the act of raiding the henhouse of Mr. and Mrs. Frank Schumann, of 521 Sixth street, was given a merry chase in the wee hours of the morning Monday, and although said thief was forced to abandon much of his feathered plunder as he fled, he managed to escape with several. Pursuers of the thief claim to have recognized him and unless the chickens are returned, prosecution will follow, they say.

First sounds of the rafter were heard by Mr. and Mrs. J. J. Gubers, residing next to the Schumann residence. Mr. Schumann, soon aroused, caught the thief in the hen house and the chase started. Messrs. Gubers and Schumann were soon joined by a milkman going his rounds, but the thief, discarding chickens right and left all over the neighborhood, soon relieved himself of all superfluous baggage and escaped in the darkness.

## To Attend Meeting

Frank Bickett of Ninth street, district representative of N. & W. machinery, leaves tomorrow for Chicago to attend a meeting of railroad men. Hundreds of representatives of Unions will be present to discuss the recent decision of President Wilson to lower the cost of foodstuffs in ninety days. According to Bickett, the Union representatives will make plans to take some definite action if action is not taken by the country's head in ninety days.

Little Miss Lorena Ford, daughter of Mr. and Mrs. Morley Ford, of Court street, who is very ill with typhoid fever, was reported better Sunday.

Willing Work Always Praised.

That man will be a joy to his "boss" who will give willing obedience under any and all circumstances. What he does work falls to his lot will be performed in the best possible manner, even when it is not the kind he chose. An army of such workers would win anywhere against much larger numbers. The city of it is that compared with the best that works under protest, the faithful are pitifully few.—Exchange.

Dainty Early Flowers.

There is to me a daintiness about early flowers that touches the heart. They blow out with such a simple loveliness among the common weeds of pastures and beneath their leaves so unobtrusively, like hearts whose beatings are too gentle for the world.—Wills.

To Be of Real Assistance.

Spencer's test in the Scriptures of Hermon. He who desires to assist other people will avoid referring to the voices of men and will take care only to speak of human hope. There will be talk of love, of the way by which it may be made perfect, so that men being moved, not by fear or greed but by the effect of love, may endeavor as much as they can to live under the rule of reason.

## HOW REDS AND THE WHITE SOX COMPARE

CHICAGO, Sept. 22.—The Chicago White Sox, pennant winners of the American League, who battle the Cincinnati Reds, winner of the flag in the National League, next month, appear to be practicing hitting in preparation for the titular games. The White Sox, who topped the Reds last week in batting, added another point to their average and are leading their future rivals by twenty points. The team batting of the American League club is .251 compared with .204 for the Nationals.

Both clubs are topping their respective leagues in batting. The Reds have four points average in team batting last week, and as each club advanced this margin remains unchanged. Five Reds showed a gain in their batting during the past week. These include Roush, who boosted his mark from .319 to .324. Eller, Kopf, Magee and Salter.

A like number of the White Sox also added to their averages and of these Eddie Collins, leads the quintette with .323 compared with .316 last week. The others who climbed are Liebold, Felsch, Bisher and Kerr. Jackson dropped a few points.

Eddie Collins is topping the base stealers of each club with 31 thefts. His nearest rival in the Reds is Neale with 27.

## Hurricane Survivors Are Delayed In Reaching City

Relatives of Dr. H. H. Blankmeyer, of Amar, Texas, who are anxious to await word of his safety and plans, are worried, as they have not received any word since the telegram announcing the storm and consequent disaster to Dr. Blankmeyer's property.

Mrs. Anna Becker, sister of Dr. Blankmeyer, and Miss Ruth Blankmeyer, his daughter, were supposed to have been on their way to this city, but so far no word has been received from them.

Once in a while a telegram filters through from that part of the country. It seems, as several have been received in Portsmouth since the storm. Relatives are meeting each train and anxiously scanning passengers in hopes of recognizing home the survivors of the hurricane.
